

Notes from 11<sup>th</sup> August 2021

Following the meeting this evening please find below points of action:

1 Vicki will collect the survey comments and deliver them to Carol.  
Carol will arrange for their distribution. If you can help please contact Carol.  
[hammotech@hotmail.com](mailto:hammotech@hotmail.com)

2. Ian will complete the Character Assessment, using the photos sent to him by Tony.

3. We will invite developers to a public drop in event (end of September? We will ask for them to provide us with a very specific plan, including all the things we want. We need to decide, and be prepared to evidence any requirements. These will include, in part, house numbers and an answer to how they can meet all the requirements set out in section 3 of the Barningham Design guide\* We will use this, the questionnaire responses for the household questionnaire\* and the recent consultation on sites survey comments\* to compile a list of requirements for the developers to adhere to. Please can you all work on this?  
sending me any questions/requirements to be included. Factual only.

In addition we will ask the developers to provide a short (2 sides of A4?) summary of what they can offer to distribute to all the residents.

4. Ian will arrange for a new photo to go on the front of the design guide. This will replace the photo of the cottage that was sadly destroyed by fire.

5. The next meeting, to discuss the requirements to be sent to the developers, will be held via zoom, on 31st August 7pm.
